

# **Essex Example Script**

## **Smaller CU, campus-based Uni**

*What* a year to be starting Uni at Essex.  
You've probably got all sorts of questions as online open days only show so much.

So, what is University actually going to be like this year?

2020 has shown us that nothing is certain - but the people you meet, the memories made and the person you become will be the things that make your Uni experience.

Whether you're just moving to Essex or aren't coming from far at all, we'd like to offer you a warm welcome!

**As Essex Uni Christian Union we're all about:**

**Community that loves generously**

**Space to explore big questions**

**Giving people a chance to share what they believe**

**Encouraging one another from the Bible**

**Small groups that really have an impact!**

All as a diverse community of students.

We are the Christian Union at the heart of Essex University.
